As a family owned business founded in 1980, 5B's Embroidery is currently one of the largest contract embroidery operations in the United States. 5B's and The Biles Family combines state-of-the art systems with old-fashioned values centered on you, our customer. From its humble beginnings as a specialty sewing business, operated from the family's basement, 5B's now occupies a 170,000 square foot facility, with over 300 embroidery heads, operating 20 hours a day 7 days a week. In addition to custom embroidery and appliqué, 5B's offers a wide variety of other services including digitizing, warehousing, special garment prepping, drop shipping, order fulfillment and rush orders. 5B's prides itself on providing our customers with on time delivery, attention to detail, customer service, and competitive pricing. We invite you to experience the 5B's Embroidery difference! We're confident you'll "bee" pleased.

Our customers are the advertising specialty industry distributors all over the US. We also partner with smaller embroiderers needing help with large jobs. We provide embroidery services with your artwork on your garments. Then we can ship those garments anywhere and anyway you need us to. We can also assist you on finding artwork, finding just the right garments, suppliers and/or distributors. For 32 years we have been doing nothing but embroidery in the Midwest. Contact us and let us help you with ANY of your embroidery needs.

ATLANTIC COAST COTTON(ACC)

Gainesville, VA 20155

www.accinfo.com

Make ACC your first call for every type of blank apparel: polo's, denim, wovens, infant-wear, fleece, caps, jackets, aprons, totes, towels and more. Network members receive volume price on every order. Check out the quarterly NEWS for ACC specials offered exclusively to NNEP members.

ACC Sales Team Concept Improves Customer Service

Atlantic Coast Cotton invites all Network members to join a Team to find out what real personalized customer service is all about. For over six years now, Atlantic Coast Cotton has divided its Sales Department into teams of 6 to 8 reps, responsible for one portion of the ACC customer list. The goal is to create a more personal level of customer service. A Team consists of a Team Leader (one of our "long-timers"), the team sales reps and a credit rep to help with questions about your account. Members will be assigned to Team 3.

The Sales Team concept is proving invaluable to the Service Excellence Goals of ACC. A NNEP member can always speak to someone who knows him/her and knows the organization. This leads to better communication, fewer mistakes and a more friendly way of doing business.

Customers comment that speaking with their Sales Team is like the "old days," when companies were small and very personal. Of course, when calling ACC, any member can choose "0" to speak with the next available customer service rep.

ACC is a preferred NNEP apparel vendor offering the widest selection of golf shirts in the industry.

10% Discount on emblem orders placed by NNEP members. \$100 max. discount- cap. The staff of Campus Chalet Embroidery is excited to be a part of the NNEP. Their desire is to provide embroidery services and American made emblems with the utmost attention to quality and service. Campus began in 1967 as a freehand embroidery and monogram shop. Addition of multi-heads and punching machines in 1970 established Campus Chalet as one of the first commercial/contract embroidery houses.

The Seventies brought many changes to Campus Chalet and the embroidery industry. However the big boom came in 1980 with the introduction of the electronic embroidery machine. As a result, they grew to be a major source for contract embroidery and emblems.

Today Campus Chalet offers 300+ state of the art embroidery heads, a complete art and digitizing department, loyal and well-experienced employees. With the growing need for smaller shops to contract out certain embroidery jobs, Campus Chalet would like to be your number one choice. Trust Campus Chalet with your next overflow embroidery and emblem job.

First Edition Screenprinting, a division of Cliff Hix Engineering Inc., is offering NNEP members up to \$500.00 in credit toward orders of First Edition custom or stock transfers.

Purchase the new CHE-2400 Q, 15" X 15" manual HTM and you will receive a \$250.00 credit towards your purchase of custom or stock First Edition transfers. Purchase the Cliff Hix Engineering, CHE-2800 Q, 16" x 20" air operated heat press and you will receive a \$500.00 credit towards you purchase of custom or stock First Edition transfers. The CHE-2400-Q and the CHE-2800-Q both come with quick change, (really quick change) lower platens: shirt, sleeve and bag platens.

Both machines boast cantilevered lower platens to easily split a garment. No need to stuff pillows or Teflon sheets inside the garments to keep from bleeding (ghosting) through to the opposite side. By heating one side at a time, there is no distortion of the first print when you apply the second. Think of the ease of printing hoodies if you could split the garment and not concern yourself with the pocket, hood or seams.

No one has ever matched the productivity and reliability of the CHE-2400-Q or CHE-2800. No one has ever matched the 3 year total warranty of these Heat Transfer Machines. No one has ever matched Cliff's personal guarantee that you will never be disappointed in his equipment. Now, he has added a credit for transfers that no one else has yet offered; an offer that will help you pay for the equipment in free transfers. We can't think of a single reason to purchase any heat transfer machine other than a Cliff Hix CHE-2400-Q manual or the CHE-2800 air operated. We don't think you will either!

DURKEE EMBROIDERY HOOPS

18823 Parting Oaks Lane

Brent Taylor

866-743-5133

Davidson, NC 28036

www.dehoops.com

It's great to be a new member of the NNEP! My name is Brent Taylor and as of July 31st of this year, I am the new owner of Durkee Embroidery Hoops. My background is not in the embroidery industry so I've had a bit of a "Baptism by Fire" so to speak. While the learning curve has been (and continues to be) steep, the experience has been outstanding thanks to lots of patient customers. You will find me to be very easily accessible toll free at 866-743-5133 9 to 5 EST M-F or fax at 704-947-8872 and e-mail at brent@dehoops.com. I'm a self-confessed customer service fanatic and welcome the opportunity to become a valued, reliable and dependable supply partner for you.

704-947-8872 Fax

brent@dehoops.com

One of the things I've learned is that each embroidery machine manufacturer brings their unique and creative approach to the embroidery process. The one similarity they all seem to share (to my knowledge) is that they ship their machines with single height hoops. All Durkee Hoops are Double Height – almost ¾" making it much easier to hold thicker, heavier garments. Each of our hoops is constructed from high impact plastics making them extremely durable. In fact, again to my knowledge, we are the only hoop manufacturer in the world to offer a **lifetime guarantee** on each of our round hoops plastic components against breakage during normal usage. Also, our hoops have lightly textured surfaces providing better holding during sewing for better registration. These benefits and many more help to better understand why Durkee is the most widely distributed hoop in the world. I invite you to visit our website at www.dehoops.com. At checkout, please enter the code NNEP in the discount box to receive a 10% for any and all of your purchases.

Don't turn down that large order! Make Thread FX your source for quality contract embroidery at competitive prices. Since 1993 Thread FX has specialized in contract embroidery for screen printers and embroidery shops as well as manufacturers and distributor sales. We know the industry and will work with you to fill the large orders, or overflow work when you don't have the capacity. With 49 Tajima heads, we are sized to accommodate almost any size order, filling most orders within one week of receiving goods.

Our location in the central Midwest allows Thread FX to complete and deliver your order quickly no matter where you are located in the US.

At Thread FX, we attribute our success to high standards and an attention to detail you won't find anywhere else. Our priority is to make you look good in your customers' eyes. Our team ensures accuracy with a standard triple check system and makes your job easier. We check in goods against your order, then individually fold and pack each garment upon completion by style, color and size, ready to deliver to your clients.

We understand that the key to a successful business relationship is alleviating the apprehension normally associated with trusting someone else with your reputation to your customer. Rest assured that we maintain strict customer confidentiality and never break the trust of our business partners by soliciting work directly from the end user.

If you are an embroidery shop or screen printer looking for a contract embroiderer you can partner with, look no further. You will find that the team at Thread FX has a passion and commitment to customer service that will go above and beyond your expectations. Leave it to the team at Thread FX to get your order completed on time with satisfaction guaranteed!

TowelHub® is purely a terry towel wholesale company selling towels at wholesale prices online. The more you buy, the less it costs. Our prices are way less than any of the discount stores around. The towels are sold by the dozen. We have different qualities of towels i.e. Economy, Premium, Premium Plus, Terry/Velour & 11x18 Fingertip towels. We also have Bleach Shield® towels which are very popular with the beauty salons and nail salons. Our Premium Plus, Bleach Shield® & Terry/Velour towels are ideal for embroidery as they are nice and soft. The Premium towels that we carry are mid grade towels and can be used for inexpensive needs. Our working hours are 9 am to 6 pm. Our shipping is fast. We ship the same day for all orders placed before 3 pm E.S.T. For Golf towel orders which require a grommet & a hook, depending on the size of the order, it can take from 1 day up to 2 days additional time to ship.

Specials for NNEP Members!!! You get to buy one price break lower than other customers for the quantity that you are ordering. Just let us know of your NNEP membership # when placing the order.
