**ATLANTIC COAST COTTON (ACC)**

14251 John Marshall Hwy

Gainesville, VA 20155

www.accinfo.com

mail@accinfo.com

Make ACC your first call for every type of blank apparel: polo's, denim, wovens, infant-wear, fleece, caps, jackets, aprons, totes, towels and more. Network members receive volume price on every order. Check out the quarterly NEWS for ACC specials offered exclusively to NNEP members.

**ACC Sales Team Concept Improves Customer Service**

Patric Andersson

800-262-5660

Atlantic Coast Cotton invites all Network members to join a Team to find out what real personalized customer service is all about. For over six years now, Atlantic Coast Cotton has divided its Sales Department into teams of 6 to 8 reps, responsible for one portion of the ACC customer list. The goal is to create a more personal level of customer service. A Team consists of a Team Leader (one of our "long-timers"), the team sales reps and a credit rep to help with questions about your account. Members will be assigned to Team 3.

The Sales Team concept is proving invaluable to the Service Excellence Goals of ACC. A NNEP member can always speak to someone who knows him/her and knows the organization. This leads to better communication, fewer mistakes and a more friendly way of doing business.

Customers comment that speaking with their Sales Team is like the "old days," when companies were small and very personal. Of course, when calling ACC, any member can choose "0" to speak with the next available customer service rep.

ACC is a preferred NNEP apparel vendor offering the widest selection of golf shirts in the industry. Phone: 800-262-5660. If you do not yet have a catalog, call for one today.

### **BG TECH SERVICES/EMB. TRAINING**

10688 Gandy Blvd. N.  
St. Petersburg, FL 33702  
[www.bgtechservices.net](http://www.bgtechservices.net)

[bill@bgtechservices.net](mailto:bill@bgtechservices.net)

Industry Exclusive, Dedicated Training Facility, From Beginner to Expert, The More You Know...The Better You Sew.

NNEP members get 20% off all BG Tech and ETC Services.

For example:

Attending a training class at ETC is \$99 dollars a day per person. NNEP Members pay \$79.

BG Tech Services: Machine Repair, Service and Training, at customers location... Or one on one training at ETC... Service Rate is \$75 per hour. NNEP Members pay \$60 per hour.

Bill Garvin  
813-373-3331

### **BOMARK SPORTSWEAR**

4774 Interstate Dr.  
Cincinnati, OH 45246  
[www.bomarksportswear.com](http://www.bomarksportswear.com)  
[sales@bomarksportswear.com](mailto:sales@bomarksportswear.com)

Bomark Sportswear offers 4<sup>th</sup> column pricing to all NNEP members regardless of the order size or annual volume. **Since NNEP is not part of your business name, please identify yourself as a NNEP member when you are speaking to a Bomark representative** so that we set your account up on the appropriate pricing and code the account to protect that pricing. Once this has been done, you will receive that pricing as long as Bomark has an agreement with NNEP and the member maintains their membership. Please call 800-231-3351 or visit our ecommerce website [www.bomarksportswear.com](http://www.bomarksportswear.com) to register and start taking advantage of this offer.

Doug Wilcoxson  
800-231-3351  
888-926-6275 Fax

For those of you that are unfamiliar with Bomark, we are a distributor of athletic apparel/equipment from Augusta, High 5, Holloway, Majestic, Mizuno, Outdoor Cap, Rawlings and Wilson. With the addition of College Replicas from Holloway for baseball/softball leagues, we are now your one-stop shop for College, Major League and Minor League Replicas.

We have 3 locations to serve you: Cincinnati, Houston and Los Angeles. We offer same-day ship or pickup from each of these locations and we have NO MINIMUM ORDER. We offer Net 30 terms to those that qualify, but we also accept Visa/MasterCard, Discover and American Express with no up charge for this method of payment.

You will find that we carry a wide selection of athletic apparel/equipment as well as basic t-shirts, outerwear etc. at very competitive prices. Most of all, you will find our service to be superior. Please give

us an opportunity to serve your future athletic apparel/equipment needs.

***BROTHER/PAS STORE***

7777 N Brother Blvd.

Bartlett, TN 38133

[www.passtore.com](http://www.passtore.com)

[emb@brother.com](mailto:emb@brother.com)

***CAMPUS CHALET EMBROIDERY***

2514 Old Lewis Rd

PO Box 1198

Johnson City, TN 37605

[www.campuschalet.com](http://www.campuschalet.com)

[ed@campuschalet.com](mailto:ed@campuschalet.com)

10% Discount on emblem orders placed by NNEP members. \$100 max. discount- cap. The staff of Campus Chalet Embroidery is excited to be a part of the NNEP. Their desire is to provide embroidery services and American made emblems with the utmost attention to quality and service. Campus began in 1967 as a freehand embroidery and monogram shop. Addition of multi-heads and punching machines in 1970 established Campus Chalet as one of the first commercial/contract embroidery houses.

Ed Dance

800-422-7291

423-926-4307 Fax

The Seventies brought many changes to Campus Chalet and the embroidery industry. However the big boom came in 1980 with the introduction of the electronic embroidery machine. As a result, they grew to be a major source for contract embroidery and emblems.

Today Campus Chalet offers 300+ state of the art embroidery heads, a complete art and digitizing department, loyal and well-experienced employees. With the growing need for smaller shops to contract out certain embroidery jobs, Campus Chalet would like to be your number one choice. Trust Campus Chalet with your next overflow embroidery and emblem job.

***CLIFF HIX ENGINEERING/FIRST EDITION SCREENPRINTING***

3411 Airport Dr.

Pittsburg, KS 66762

[www.cliffhixengineering.com](http://www.cliffhixengineering.com)/[www.first-edition.com](http://www.first-edition.com)

[john@first-edition.com](mailto:john@first-edition.com)

We would like to offer NNEP members a \$150.00 credit for either custom or stock transfers with the purchase of a new CHE-2400Q "Splitter" heat press or a \$300.00 credit for stock or custom transfers with the purchase of a new CHE-2800Q "Splitter" heat press.

The CHE-2400-Q and the CHE-2800-Q both come with quick change, (really quick change) lower platens: shirt, sleeve and bag platens.

Eddie Garner

620-232-6002

620-232-5918 Fax

Both machines boast cantilevered lower platens to easily split a garment. No need to stuff pillows or Teflon sheets inside the garments to keep from bleeding (ghosting) through to the opposite side. By heating one side at a time, there is no distortion of the first print when you apply the second. Think of the ease of printing hoodies if you could split the garment and not concern yourself with the pocket, hood or seams.

No one has ever matched the productivity and reliability of the CHE-2400-Q or CHE-2800. No one has ever matched the 3 year total warranty of these Heat Transfer Machines. No one has ever matched Cliff's personal guarantee that you will never be disappointed in his equipment. Now, he has added a credit for transfers that no one else has yet offered; an offer that will help you pay for the equipment in free transfers. We can't think of a single reason to purchase any heat transfer machine other than a Cliff Hix CHE-2400-Q manual or the CHE-2800 air operated. We don't think you will either!

***COLDESI***

***CUSTOM IMAGE DIGITIZING***

8 Van Zant St. Unit 2

Norwalk, CT 06855

[www.embroidery-digitizing-pro.com](http://www.embroidery-digitizing-pro.com)

[embcustom@aol.com](mailto:embcustom@aol.com)

Sheldon Penn

203-983-0323

203-831-0844 Fax

Let us help you; we are top quality embroidery digitizers. All work done in the USA by experienced digitizers with over 25 years in the trade. Not getting your designs on time? Small lettering looks terrible? Edits arrive a couple of days late? Can't get complex designs digitized? Losing customers because designs just don't look good? Can't talk to your digitizer on the phone? Needles trims, and countless thread breaks?

We produce quality embroidery tapes that allow your embroidery machines to run efficiently at higher speeds with fewer thread breaks and trims. These lessons were learned over many years, the hard way by owning and running my own embroidery equipment. Let Custom Image Digitizing use these skills to improve your profitability.

Most digitizing operations have little or no experience in embroidery machine operation. Buying a computer and a digitizing program do not make you qualified to produce good running embroidery tapes, experience and years of searching out of the most efficient way to make an embroidery machine run does.

I have recently closed Custom Image Embroidery after a successful run of over 20 years. My passion, my goal is to bring my hard won experience in embroidery tape digitizing to you and other embroidery companies to help improve your profitability. Give us a call! You won't be sorry!

20% discount on Embroidery Tapes for NNEP Members.

## *DURKEE EMBROIDERY HOOPS*

18823 Parting Oaks Lane

Davidson, NC 28036

[www.dehoops.com](http://www.dehoops.com)

[brent@dehoops.com](mailto:brent@dehoops.com)

It's great to be a new member of the NNEP! My name is Brent Taylor and as of July 31<sup>st</sup> of this year, I am the new owner of Durkee Embroidery Hoops. My background is not in the embroidery industry so I've had a bit of a "Baptism by Fire" so to speak. While the learning curve has been (and continues to be) steep, the experience has been outstanding thanks to lots of patient customers. You will find me to be very easily accessible toll free at 866-743-5133 9 to 5 EST M-F or fax at 704-947-8872 and e-mail at [brent@dehoops.com](mailto:brent@dehoops.com). I'm a self-confessed customer service fanatic and welcome the opportunity to become a valued, reliable and dependable supply partner for you.

One of the things I've learned is that each embroidery machine manufacturer brings their unique and creative approach to the embroidery process. The one similarity they all seem to share (to my knowledge) is that they ship their machines with single height hoops. All Durkee Hoops are Double Height – almost ¾" making it much easier to hold thicker, heavier garments. Each of our hoops is constructed from high impact plastics making them extremely durable. In fact, again to my knowledge, we are the only hoop manufacturer in the world to offer a **lifetime guarantee** on each of our round hoops plastic components against breakage during normal usage. Also, our hoops have lightly textured surfaces providing better holding during sewing for better registration. These benefits and many more help to better understand why Durkee is the most widely distributed hoop in the world. I invite you to visit our website at [www.dehoops.com](http://www.dehoops.com). At checkout, please enter the code NNEP in the discount box to receive a 10% for any and all of your purchases.

## *ERB Safety*

1 Safety Way

Woodstock, GA 30188

[www.e-erb.com](http://www.e-erb.com)

800-826-8903

Otto International, Inc. has been a leading worldwide manufacturer of quality headwear for over 50 years. Throughout the years, we have continued to build on our quality and service to become one of the most respected suppliers in the industry.

Our mission is to provide our customers with the finest cap, apparel and accessories products for the embroidery, imprinting, uniforms, sportswear and promotional product industry, while providing competitive pricing and excellent customer service.

For 2015, Otto introduced OTTO® Embroidery Poly Thread and OTTO® Bobbins. Our thread allows for increased productivity and is constructed for durability and minimal breakage. Suitable for most applications, this high-speed performance thread will help eliminate looping and puckering for smoother running embroidery.

OTTO's Embroidery Thread has been tested and inspected throughout all phases of production to determine compliance with washing standards, performance under all types of production conditions as well as additional tests in compliance to DIN and ISO standards. OTTO® embroidery products bearing the oeko-tex 100 certification makes optimum use of natural resources and are produced without harmful substances.

The pride we take in manufacturing our product shows in each and every product that leaves our warehouse. From innovative designs to the meticulous attention to detail that goes into every stitch, the quality that has made us an industry leader is a difference you can see and feel. Each OTTO® product is matched, shaped, and sewn, to give you the easiest, smoothest, and most stable surface for embroidering and screen printing.

Large inventories of OTTO® products are ready to ship from our warehouses in California, Texas, and Georgia. With a combination of over 6,000 styles and colors of caps and apparel to choose from, we have what you're looking for. In addition, we offer a Custom Retail Program. NNEP members receive EQP pricing.

Kyle McMinn  
573-866-3676  
573-866-3823 Fax

Stitch It International specializes in buying and selling used embroidery equipment. Brands such as Tajima, Barudan, SWF, Brother, Toyota, and Melco. Stitch It International, Inc. was established in 1988 and is a family owned and operated business. The staff and owners of Stitch It International have combined experience of over 70 years in the industry. We have a long standing reputation for taking care of our customers and offering good used equipment. When we started this business we recognized the gap between new and used equipment and we strive to fill that void by taking out the risk of buying used. All of the machines we sell go through a rigorous service and cleaning before they are sold. You can feel assured that you are getting the very best in quality and we stand behind our machines with an industry standard 90 day warranty. One of our in house technicians will bring the machine to you, set it up, and run it so you can feel comfortable that what you are buying is of the highest quality. We want to grow your business with you, whether you are buying a machine for the first time or have multiple machines. Along with the machine sales we carry hoops, parts, and accessories for all major brands of embroidery machines. Our inventory includes a wide variety of machine parts, hoops, and accessories that are now obsolete or "hard to find". We have three in house technicians that are ready to help keep your machines in tip top shape. All of our customers enjoy free over the phone service for the life of their equipment. With all of the staff coming from a commercial embroidery background we know what it takes to do embroidery. 10% off of all of our parts, hoops, and accessories on our online store for the NNEP members.

**TROTEC LASER INC.**

7610 Market Dr.  
Canton, MI 48170  
[www.troteclaser.com](http://www.troteclaser.com)  
[sales@trotec.com](mailto:sales@trotec.com)

Kristina Jones  
866-226-8505  
734-927-6323 Fax

Trotec lasers are the perfect complement to any embroidery or textile based shop. Laser engraving refines the surface of the material, which increases the quality of the fabric. Unlike in printing, laser engraving produces a haptic effect, creating tactile variations across the fabric. Laser cutting is a contactless and tool-free process. There is no clamping and no warping of textiles and fabrics during laser cutting. The laser beam melts the material, resulting in clean, perfectly sealed edges, with no fraying of end products. Speed, flexibility and precision are the name of the game when using lasers on extravagant lace cuts on fabrics, the laser offers the user incredible design options; virtually any design can be created with the laser.

Trotec is pleased to offer members of NNEP a discount on a new laser purchase. Trotec offers the largest portfolio of laser engraving systems in the market. See our full line of lasers at [www.troteclaser.com](http://www.troteclaser.com). Call us today and mention that you are a NNEP member and our sales team will help you choose the perfect system to make your shop more profitable. 866-226-8505 or [sales@troteclaser.com](mailto:sales@troteclaser.com).
